DAP School (A School of Status)
Assessment for Class-VI
Marks 100

English

Name: _____

I   **Read the following passage and answer the following questions**   *5 Marks*

"He just makes me angry sometimes", I told my best friend Prashant. "Everyday he makes fun of me and laughs at me. I wish he would stop poking me like that". Prashant said, "I know Nitin. He makes fun of everyone. He laughs at me, too".   Our classmate Nitin liked to act like a boss. He wanted people to be submissive because he was the strongest boy in the class. He didn't realize that he was making more enemies than friends. People started to avoid him. It was becoming difficult to stand a boy like that. But the fact is that there was something unusual about Nitin. He was also a great student. Despite being a bully he was also an athlete, a painter and a singer. Nitin was really very different.

Perhaps that's what made me so jealous and envious of him. I decided I'd look for an opportunity to understand Nitin a little better. Our picnic was coming and maybe I could get to know him better then.

1 Name the narrator's best friend and the bully of the class

2 What made the narrator angry sometimes?

3 What was unusual about Nitin?

4 Explain the meaning of the following phrases as they are used in the passage, by choosing the correct option: i. Stop poking me
